

XM is a great service, far superior to local radio. I pay for my XM service, and have the right to get all of the important content available locally and more: news, weather, traffic, etc. Help XM grow and reach its potential. Local radio has become so obscene and trashy. There is no escape from it on the open airways. Suggestive talk and blatant obscenity now rule the airwaves, and I don't want it. XM provides me with the options I need.

Thanks for listening,
